A niche industrial construction company

We undertake industrial projects ranging between R20 - R120 million

DAMON AT SONS
CONSTRUCTION

100% Black owned

Our area of expertise

CONSTRUCTION

Our experienced team understands the complexities and risks associated with industrial projects. This gives our clients the assurance of a competitive price and quality project delivery. We oversee and organise the project from start to finish.

PROJECT MANAGEMENT

Our management team embraces the value of collaboration with the design team, client, suppliers and sub-contractors during the pre-construction phase with regards to the construction methodology, material supply, project sequencing and value-adding construction solutions. We oversee all activities of the project from start to finish, ensuring that costs and the programme are managed according to schedule.

DESIGN AND CONSTRUCT

This service is ideal to a client that is looking to reduce the construction programme and risk. We provide a single point of control for the design and construction of the project, working closely with each participant involved on the project to ensure quality, reduced risk, cost savings and a reduction on programme time.

At Damon At Sons Construction each project is our best project.

We believe that a successful project is a safe project. We respect the environment, the safety of our people and longevity of our equipment on each site. This helps us maintain zero accident sites.

A proven track record of repeat clients and referrals

No matter what the size or scope of the project, our commitment to the client is to always identify ways in which we can deliver the best product in a faster and more cost effective way

A story of empowerment

Munier Damon, the CEO and founder of Damon At Sons Construction (Pty) Ltd, has built A-grade industrial building for the Chiluan Property Group since 2000.

Damon At Sons Construction, a 100% black owned company, was established in 2015. The company's steady growth is attributed to the support of Equites Property's special enterprise development programme. Through this programme, Equites Property has channelled several construction projects to Damon At Sons Construction. This has proven to be a mutually beneficial empowerment partnership with Damon At Sons team delivering projects to the highest quality.

Munier continues to build on this empowerment legacy. His company intentionally aims to uplift those from previously disadvantaged backgrounds and to date, the entire management team comprises of people of colour.
